

DEPARTMENT OF SOCIOLOGY

PLAN OF STUDY FOR CONCENTRATORS

NAME _____ HOUSE _____ CLASS _____

This form is one part of declaring a Sociology concentration (go [here](#) for complete information). It is designed as a planning tool to help you recognize which/how many courses are required and how they might fit in your remaining time at Harvard. For each requirement, mark the semester and year you have met or will meet it. It is okay if you don't yet know which electives you'll choose, and if your plans change; you can revisit it over time. Please save the completed form as a pdf and upload it using the Reports and Documents tab on your my.harvard. We look forward to welcoming you to Sociology!
